

**Specifications**

- Product** Pro-Treat 200
- Application** Drain pans, humidifiers, and cooling towers
- Purpose** Wagner Pro-Treat 200 is an economical concentrated pan treatment tablet formulated for longer lasting action in drain pans, humidifiers and cooling towers. It is designed to penetrate, break up sludge and allow it to flow out of the drain pan along with the condensate water.
- Advantages** Pro-Treat 200 provides effective pan treatment. It kills odor and combats sludge, slime, fouling and pan overflows. Pro-Treat 200 is biodegradable, non-toxic, odorless and non-corrosive.
- Contents** 200 individual tablets per container
- Dosage** The treatment dosage is 1 tablet per ton of system capacity per month.
- Directions** Position the tablet in the pan so that it is moistened by condensate water. The tablet should be placed as far from the drain as possible, but still in contact with the condensate water. For best results, do not allow the tablet to become submerged in the condensate water.
- Safety Data** Consult the Material Safety Data Sheet before using this product. Do not use this product until you have read all warning statements on the label and have consulted the MSDS. Avoid eye contact and prolonged skin contact. Do not take internally. Wash hands thoroughly after using this product.

**Keep out of reach of children.**
