- ★ Biodegradable

**Flip-up
EZ pour Caps
for quick,
precise
application**

Prevents water damage to ceilings, walls and flooring caused by clogged A/C condensate drains. It has been proven to be a safer, more effective, non-corrosive alternative to chlorine tablets and bleach. Formulated to loosen and remove slime and scum build-up in A/C, refrigeration and drinking fountain condensate drain pans, lines and pumps, preventing clogs and flooding.

Squeeze container with flip-up cap provides easy application in difficult to access pans and lines. Safe, biodegradable frothy formula treats all surfaces of line. *Note: Completely clogged lines must be cleared (blown out) prior to use.*
